Please provide us with a brief description of your organization (no more than 500 words).

The Kind Mouse feeds Pinellas County's chronically and food insecure babies and children. Formula, baby food and nonperishable foods are distributed weekly throughout the entire year. We work with 30+ local agencies where we provide after school and weekend meals to those most in need. We are also providers to the PCSB's Pack-A-Snack program where we deliver weekend meals to 6 Pinellas County schools.

In the 10 years that we have been in existence over 651,000 little tummies have been filled.

We take pride in incorporating education with the need through The Kind Mouse Kids Feeding Kids Weekly Outreach Programs. Through education and dedication we are grooming the next generation of leaders. Starting at age 5 we follow children through their high school careers and teach them the importance of community service, the nonprofit business, leadership, teamwork, and kindness. These amazing kids even have their own video production team where they produce awareness videos for Kind Mouse.

We are proud to say that along with the 3,500 tummies we feed on average weekly, our outreach children have won scholarships and awards for their dedication and participation in The Kind Mouse.

Grant Purpose (one paragraph)

The purpose of this very generous grant is for Kind Mouse to continue feeding thousands of children and babies annually while grooming the next generation of leaders through our outreach programs. Our Kids Feeding Kids program is how we are attempting to alleviate hunger. Through education of bright futued children we are grooming them to be our future leaders. By ways of education, dedication, and years of commitment, these 5-year-olds through 18-year-olds are learning compassion, the importance of serving others, leadership, and kindness. We are teaching them how to run the nonprofit by holding their own board meetings and working in and around the pantry packing food, assisting in the office, participating in fundraisers and events, as well as running their own production company producing their own Kind Mouse awareness videos on childhood hunger. To date with the help of these amazing outreach children over 651,000 little tummies have been filled! Your generous finding will provide 77 most vulnerable children and babies weekly meals for 52 weeks.
